Whitstones 2025 U15 race – position alteration

The results have been altered from the actual funnel positions, due to the circumstances described below.

Shortly before the race start and after some runners had reccied the course the turn point was moved further back by a race marshal with the best of intentions, due to alterations to the course from previous years.

This had the unintended consequence that a small group of runners towards the front turned earlier and ran a shorter course, potentially gaining a few places.

We recognise that no runner sought advantage, and ran the race to the best of their ability.

In the girls race, after studying race photos from the climb that reflect the relative positions we have made a judgement that the leading runner at this point had such a lead that it was unlikely she would have been caught had she taken the 'shorter' route. Her position was altered to reflect this.

In the boys race the relative positions of the leaders meant it was harder to be sure of the outcome, and as a result we consider this race a 'draw' with three runners awarded first place.

We recognise that this is not ideal, but we feel is the best solution and allows for a fair situation with the races still to come – all to play for.
